### 10/21/19 – Dasi Takes New Job

Dave and Craig presented our club members’ gift to Dasi after our 10/21 meeting. Dasi has been our server since our club moved to Coal Creek Golf Course in January 2017. She will be leaving her position with the Sweet Spot Café to become a Life Coach, a job that she held before working at Sweet Spot. We appreciate her wonderful service of keeping our coffee cups full and the shade out of our eyes. She was so accommodating and worked hard to find a solution to any problem that would arise at our club meetings. Thank you, Dasi and Steven for meeting our club needs.

### 11/4/19 - Marc Brown, Spellbinders

Marc L. Brown is a Spellbinders volunteer storyteller as well as a Boulder professional storyteller and puppeteer. He has recently told at Children’s Hospital and Union Station as part of Spellbinders 25th anniversary celebration. He also does local outreach by telling and speaking at Rotary and Kiwanis chapters. He has previously told at Alzheimer’s Association Memory Cafes in the area. Through the art of oral storytelling, Marc promotes the Spellbinders mission of enhancing literacy, creativity and visualization. When Marc is not busy volunteer storytelling, he is listening and working with clients to clarify their lifelong monetary strategies for charitable giving. His efforts are about giving from the heart and understanding one’s own life story. The following was learned at Spellbinders website. In the early 1980s Spellbinders’ founder Germaine Dietsch became alarmed at the growing disconnect between the generations as more and more older adults moved into retirement communities. She feared this trend would deprive elders of the sense of meaning and purpose important to their physical and emotional health, and deprive youngsters of the sources of wisdom and talent her own relatives and neighbors had been. Thanks, Marc, for entertaining us!

Many Kiwanis members from our club and Peak to Peak HS Key Club received toys at three Walmart locations:

## October 2019 Message from Governor Derek Manley in RMD Newsletter

2019 a great year! Under Past Governor Tim Sheppard's leadership we grew our membership to help us impact more children and work toward fulfilling the mission of Kiwanis. For this next year I hope your club will continue to look at strategies to increase the number of hearts and hands for your club projects so we impact even more children in our communities. If your club would like help in developing a strategy, don't hesitate to reach out to your Lt. Governor for assistance to give you options you may not be considering. Your District board wants to support your club in any way we can and be a resource to strengthen your club. We also want to encourage all clubs to have more fun throughout the year. Fun club meetings and projects improve the value of being a Kiwanis member and creates a contagious, positive energy that you can share with anyone you interact with, whether it be a prospective new member, a SLP member, or anyone else you interact with in your community. As leaders and Kiwanians, I ask you to include more fun in your club and by doing so I know that there is nothing that can hold your club back from achieving the goals you set for this year. Let's Grow our Hearts to improve the world one child and one community at a time!
